11' / 32" / 6"

## MARLIN

365 x 81 x 15 cm  
11' / 32" / 6"

## TECHNOLOGY

### DROP STITCH

Super Stiff & Light

Thousands of polyester fibres are held between the SUP's two outer layers of reinforced PVC.

When inflated under high pressure (15 Psi), these filaments tighten and make the board stiffer; that's the secret of Drop Stitch technology.

Wattsup puts particular focus on the density of the filaments used in its boards. Thanks to this new Drop Stitch construction, inflatable SUP boards have become both lighter and stiffer.

### DOUBLE LAYER DROP STITCH

Stiffer & More Durable

Top-of-the-range Drop Stitch technology, tougher and more durable. A second layer of reinforced PVC covers the basic Drop Stitch construction. When inflated under high pressure (15 Psi), these SUP boards guarantee outstanding stiffness and maintain their original shape in all conditions.

This technology is suitable for longer boards to provide more rigidity and durability and avoid any twisting or bending.

**SWORD**

381 x 76 x 15 cm  
12'6" / 30" / 6"

**DELFINO**

320 x 81 x 15 cm  
10'6" / 32" / 6"

**ORKA**

487 x 151 x 20 cm  
16' / 60" / 8"

## INCLUDED ACCESSORIES

WattsUp offers you a complete good deal. Together with the boards, all of our all-round package are delivered with the following accessories

**3-PIECE PADDLE**

3 Sections adjustable paddle: durable and qualitative thanks to its extra-thick aluminum, this paddle can be dismantled into 3 pieces and easily storage in WattsUp backpack. Adjustable from 165 to 215cm with graduations, this paddle floats and beneficiate from professional SUP blade with efficient angle.

**HIGH PRESSURE PUMP**

SUP pump with ergonomic handle for easy pumping. The pump features a gauge so that you can keep an eye on the pressure in psi or bar as you pump.

**PROFESSIONAL iSUP BACKPACK**

WattsUp backpack has been specially designed for adventurers. This compact bag – 95 x 40 x 25cm – had padded handles and extra-compartments to ease your travels. This is the perfect companion to storage all your SUP package and even more: deflated iSUP board, pump, 3 sections paddle and optional leash, swimsuit, towel or even folded dry bag.

## UNIQUE COMBINATION OF STABILITY, STIFFNESS & DESIGN

Wattsup Sar takes SUP one step further. Longer than its current competitors (10'/305cm), this new all-water board is a new sensation on the iSUP world thanks to its generous volumes. Wider (32"/81cm)

and thicker (6"/15cm), Sar is a versatile board, stiffer and extremely stable.

Beginner

Advanced

**UNIQUE CROCO-SKIN EVA PAD**  
High-end anti-slippery EVA pad. Conceived to enhanced barefoot paddling experience

**TAIL HANDLE**  
For better tracking and easy moving in water

**KICK PAD TAIL**  
Thicker pad at the back, giving you better leverage and more maneuverability

**OPTIONAL KAYAK SEAT**  
4 D-Rings to click a kayak seat on to enjoy seating paddling comfortably

**FRONT ELASTIC BUNGEE FOR STORAGE**  
Handy for storing your personal belongings at the front of the SUP board

**REMOVABLE CENTER FIN THRUSTER SET UP**  
Single fin system is the perfect configuration to offer a versatile glide

**PADDED CENTRAL HANDLE**  
Comfortable central handle to ease the launch of the board

**Length : 10' / 305cm**

This length gives you enough volume for touring while keeping the board easy to handle. It makes the board wonderfully versatile: great for touring, it also performs beautifully in waves.

**Width : 32" / 81cm**

This larger width makes the board more stable. There's more space for the rider for greater comfort during long-distance paddling

**Thickness : 6" / 15cm**

These 15 cm of thickness increase the board's stiffness and give the paddler more stability. 15 cm-thick SUPs are WattsUp's high end standard for all our >10" boards
