

WATTSUP

— 2025 RANGE —

DIVE INTO THE WATTSUP UNIVERSE

Straddle your board, lift up your head and start discovering.

WattSup is a selection of stand-up paddles complete to meet every need for escape.

Your all-around WattSup will take you water gliding with an exceptional volume capacity and load quality. Whether you are a small frame, have narrow shoulders breadth or your four-legged friend comes along, there's a WattSup that suits you. And we have also thought of the average rider.

We want to offer you a SUP that makes you feel - just - comfortable. We pay particular attention to the stability of the board and its practicality by making it as light and portable as possible.

EXPERIENCES TO BE SHARED

Whether you are a beginner seeking new adventures or a true expert in water gliding, come and share WattSup's spirit. On a lake, a pond or along a river, let social times, new shores and unknown senses open up to you.

Each of our boards has been conceived and perfected to enable you to share these memorable moments with family and friends.

**WHAT ABOUT YOU?
WHAT WILL BE YOUR NEXT WATTSUP OUTING?**

ACCESSORIES

THE STRENGTHS OF THE BRAND

SHARING ALL-AROUND

Your best ally to share your outings on the water. Its rounded shape, 'all-around', carries you away with its generous dimensions that translate into exceptional volume capacity and charge quality.

COMFORT+ HANDLES

To help you with transporting and handling your board, all our models are equipped with neoprene total-comfort handles - one central and one on the stern. Made in the same material as for wetsuits, these handles are waterproof and particularly resistant to UV as well as products such as sunscreens.

SLIDE IN FIN

To ensure the SUP's fin durability, as a main component for a quality ride, WattSup has thought of a system that is practical and easy. The 'slide in' type fin on all its boards easily slides in and out of its notch while ensuring a sturdy support during the ride.

ULTRA TRANSPORTABLE

Your inflatable stand-up paddle entirely deflates and folds down to fit into a compact transport bag that you can keep in the trunk of a car. During the week, after a day's work or on the weekend, as soon as the opportunity arises, your SUP stays at reach.

READY TO DISCOVER PACK

Our paddleboards are available as a complete pack with all essential accessories.

SUP BACKPACK:

Its dimensions are specifically suited to fit the whole equipment: deflated paddleboard + paddle + pump + leash + repair kit

THREE-SECTION PADDLE:

This paddle is made from alloy and is adjustable in length with an anti-swivel lock system to optimize your position on the board.

HIGH-PRESSURE PUMP:

Two-way, high-pressure pump: inflate your paddleboard easily. Also equipped with a pressure gauge and a two-way flow system for faster action.

LEASH:

Security in the cord! Fitted at your ankle, our leash brings your comfort and security during paddle practice.

REPAIR KIT:

This complete repair kit comprises a waterproof insert easy to clip at one of the SUP's d-rings.

LINED 10'2"

NEW SYSTEM
CLIP & ROLL

STEP 1
Fold it

STEP 2
Clip it

STEP 3
Roll it

30% LIGHTER

30% MORE RIGID

30% SMALLER

Make sure you have your LINED stand-up paddle along. With its compact dimensions you'll be able to keep it in the smallest of trunks ready to deploy as soon as you're near a body of water, be it a lake or a quiet river. When you're done, you'll have it deflated, folded and rolled in a blink!

DIMENSIONS
310 × 84 × 15 cm
10'2" × 33" × 6"

MAX LOAD
115 kg

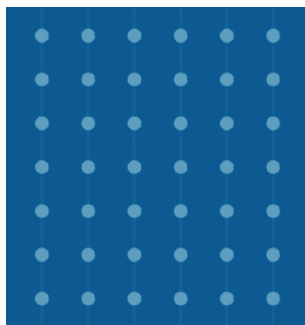

CAPACITY
1 person

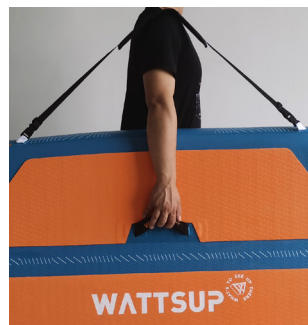

VERTICAL BUNGEE STRAP + BOTTLE HOLDER

Innovative and functional, the LINED is fitted with two bungee straps placed vertically at the front of the board. A closed loop in each strap has been added to fit your water bottle for the ride.

LINED DROP-STITCH

Thousands of vertical threads are placed in a linear manner not only enhancing the board's rigidity when inflated, but most importantly simplifying its folding and packing when deflated.

CARRY STRAP

The LINED 10'2" comes with its tightening strap that can be transformed into a carry strap for easy transport.

Accessories Pack

FIRST RANGE

Our First range is designed for beginners and casual paddlers seeking simplicity, balance, and fun on the water. These inflatable stand-up paddleboards are the perfect entry point for those looking to explore lakes, rivers, or coastal waters with ease and confidence.

With user-friendly technology, the First range offers optimal stability, lightweight construction, and vibrant designs that make paddling accessible to everyone.

F10 F11 F12

ESSENTIALS RANGE

The Essentials range offers affordable SUPs with a modern, high-quality design. Ultra-stable and suitable for all ages, these boards feature 4 D-rings for attaching a kayak seat and a non-slip central and kick pad for better maneuverability on curves and small waves.

Easily stored and ready for action, each model is designed to provide memorable moments with family and friends on the water

Sar 10'8" Espadon 11'8" Marlin 12'5"

SHARP RANGE

Our Sharp range was born out of a passion for water, adventure and technologies. This range of advanced inflatable stand-up-paddle surprises by its engineering that results in boards that will accompany any adventure seeker wishing to discover the furthest lakes and shores.

Technologies include the rigidity optimizer drop-stitch and a thickness of 6" to maximize the SUP floatability. EVA central and kick pads have been added enabling the rider

to best position himself/herself for the most remarkable moves. And cargo straps to secure light equipment during the ride.

From an aesthetic point of view, this range displays a refined modern look with a subtle play of modern teal and green.
