APOLLON

INFRARED CABIN

The Apollon reinvents itself whilst holding onto all the benefits that has made its success.

The Apollon's infrared transmitters are fitted with the latest Full Spectrum Quartz technology and its numerous benefits: an almost instantaneous warmth, a wide range of rays that act deep down to the core as well as at the surface of the epidermis. Each session becomes a moment of pure joy. Infrared panels are laid out in a way to optimize the benefits drawn from the Quartz and they are combined with carbon panels to guarantee an even temperature throughout the cabin.

Its design in solid spruce is enhanced by discreet, yet practical equipment. Outside lighting as well as LED chromotherapy in the inside add to the atmosphere, while FM / USB audio plays your favourite music.

QUARTZ TECHNOLOGY = FULL SPECTRUM IR

Quartz, that always partly comprises type C IR, allows for IR-A & IR-B emissions known to act at the heart of the system to bring you deep muscle relaxation.

MAIN FEATURES

MP3/Radio/USB player

Control panel inside and outside

100% Canadian spruce wood

Quartz transmitters

LED Chromotherapy

CHARACTERISTICS

Capacity	2 PERSONS	2/3 PERSONS	3 PERSONS	3/4 PERSONS
Model	Apollon 2	Apollon 2C	Apollon 3	Apollon 3C
Floor dimensions	120 x 105 cm	120 x 120 cm	153 x 110 cm	150 x 150 cm
Overall dimensions	120 x 123 x 190 cm	120 x 120 x 190 cm	153 x 128 x 190 cm	150 x 150 x 190 cm
Quartz transmitters	5 transmitters - 1500 W	6 transmitters - 1800 W	6 transmitters - 1800 W	8 transmitters - 2400 W
Carbon transmitters	1 transmitter - 180 W	5 transmitters - 480 W	1 transmitter - 225 W	1 transmitter - 180 W
Seat depth	45 cm			
Accessories	LED chromotherapy / Digital control panel / MP3/FM/USB Audio / Ozonator			
Temperature	18 to 60°C			
Structure	100% Canadian spruce wood			
Interior	Bench and headrest in Canadian spruce wood			
Door	8 mm thick safety glass			
Power	230V - 50Hz			
Weight	164 kg	178 kg	192 kg	222 kg
Warranty	Electronics 2 years / Wood 4 years
