SENSE

AN INVITATION TO ESCAPE IN THIS SAUNA AND ITS GLAZED SURFACE

Reflecting France Sauna expertise, the Sense combines all the ingredients that contribute to let go and free the mind and relax the body.

The stove in this steam sauna produces the heat essential to the benefits of a traditional sauna. Standard lighting in the upper corners of the cabin and below the bench creates a soothing atmosphere, while the large glazed surface provides a feeling of openness. Comfortably seated or lounged, find the ideal position to sooth away body and mind in this Canadian spruce wood traditional sauna.

The Sense is supplied complete with a Harvia Finnish stove and lava stones, as well as a traditional sauna kit (bucket, ladle, thermometer/hygrometer and hourglass).
