INOBIKE 6 AIR

**40%**  
LIGHTER THAN  
STAINLESS  
STEEL

STRUCTURE  
ALUMINUM  
ANODIZED

**INNOVATION 2020**

Its new structure **6063 T6 anodized aluminum** allows it to display a featherweight of **14.8kg**, ideal for **pool entrances and exits**, while ensuring perfect rigidity. Coupled with its wide feet and silicone suction cups, the Inobike 6 AIR is easy and reassuring to use.

Its feets multiple adjustments, the saddle and the handlebars, as well as its pedals with variable resistance make them resolutely polyvalent.

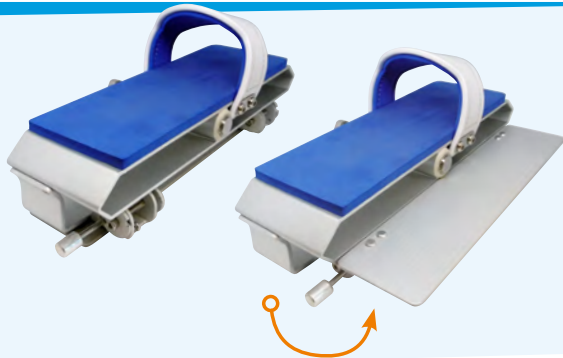

**HYDRAULIC RESISTANCE**

This 6-blade propeller creates a **strong yet very smooth hydraulic resistance** for a great work-out. Designed for intensive use in group classes, it is dedicated to cardio training and strengthening adapted to all.

To higher the efficiency of your training, **modify your cycling speed**, and use your ADS pedal to add more intensity. Easy to use and very effective, you will also appreciate the barefoot pedal.

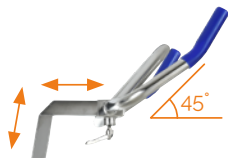

**AQUA DOUBLE SPEED PEDALS**

**+54%**  
RESISTANCE

Designed with a flap under the pedal to create additional resistance. Pedal closed, you have a soft resistance for warm up, open the flap and double the intensity. Customize your workout with this unique pedal.

**MULTI-POSITION HANDLEBAR**

**MULTI-ADJUST SADDLE**

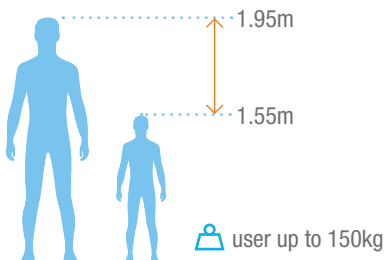

**EXPRESS DRAINAGE**

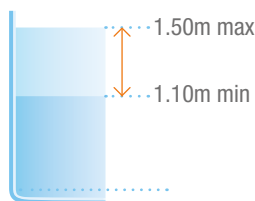

**SACRIFICIAL ANODE**

**ERGONOMICS FOR EVERYONE**

**ALL POOL TYPES**

Quality	Aluminum Tech T6
